

Wilson School

School/Family/Student Compact

We agree that responsibility for student learning is shared among the school, family and student.

As a **school** we will

- Expect students to learn not only the basics, but strive to excel beyond those expectations
- Assign meaningful homework
- Be available to assist student learning as needed
- Set firm and fair safety and discipline policies
- Communicate with families frequently
- Make the school a friendly place for parents to meet and talk
- Give progress reports
- Have genuine care and concern for all students

As a **family** we will

- Work with the school to improve the educational experience
- Discuss with our child the importance of working hard to get the most out of school
- Monitor our child's progress
- Provide a time and place and supervise the completion of homework
- Read at home together, encourage our child to read and let my child see me read
- Attend SEP conferences
- Volunteer at the school (tutoring, field trips, home room parents, teacher helpers, PTA, donations, etc.)

As a **student** I will

- Grow and learn by trying new things
- Attend school regularly, be on time, and be ready to learn
- Read in my free time, at home and at school
- Follow school rules so everyone can be safe and happy
- Talk to my family about what I am learning and doing in school
- Ask my teacher for help when I have problems
